

HomeworkNOW gives school admins and teachers the ability to communicate with parents and students in every electronic manner.

The HomeworkNOW Teacher Control Panel (designed by educators) is where school personnel manage their external facing content. School administrators also have their own control panel where they can communicate school alerts, backpack notices and more.

Parents and Students can easily find and view vital classroom and school information as well as manage alerts on my.homeworknow.com.

The My HomeworkNOW & School Alerts App is available for Android, iPhone, iPad, iPod devices and via Facebook apps.

Communicate Better.

Through a browser, email, text messages, Apps for iPhone Android, & Facebook and more, HomeworkNOW.com makes it possible for schools to easily communicate school alerts and classroom information with parents and students electronically. HomeworkNOW is a web based service. No software or staff needed. Communicate without cost.

School admins may post school alerts (such as closings and emergencies) and back pack notices. Teachers may post homework, classroom activities, and more. PTA/PTO's may post meeting notes, important dates and more. The solution also fully integrates with a school's existing web site and student information system.

HomeworkNOW.com helps schools Get Green and save money by providing paperless communication of important school announcements and back pack home notices. No more excessive printing costs and waste.

Best of all, HomeworkNOW.com is extremely affordable! \$595/yr for Middle/High Schools, \$395/yr for Elementary Start a free trial today at: <http://www.homeworknow.com>

Reach Everyone.

Did you know that parents and students are 4 times more likely to acknowledge an electronic communication in minutes compared to a voicemail? **So why spend so much on call-out solutions that just leave voicemail?** HomeworkNOW lets users choose how they want to receive school or classroom alerts/updates (email, text, mobile apps for iPhone and Android, Facebook, RSS Feeds and more).

Simple for Teachers.

Teachers quickly and easily communicate classroom related information such as **homework, classroom activities, reminders, newsletter, notes, files, photos, videos, references, extra credit and more.** HomeworkNOW helps teachers maintain an open line of communication with their students and parents.

Dependable School Alerts.

School administrators trust HomeworkNOW to deliver real-time **school alerts, backpack notices, and announcements** to students and parents in the manner in which they choose. **Student Information System alerts,** such as Powerschool, can also be fed through HomeworkNOW to extend the ways parents can receive alerts.

Preferred by Parents.

The MyHomeworkNOW student/parent portal allows students and parents to view school content as well as choose how they want to have alerts and classroom content communicated to them. There is no cost to parents & students, 100% advertisement free, and complies with all child safety regulations.
